ANNOUNCEMENT FROM THE AMU PRESIDENT

Postponement of PACOM 2021 of Brazzaville, Republic of Congo, scheduled for 2nd to 7th August 2021

Dear African mathematician colleagues, dear mathematician colleagues from all over the world, dear sponsors,

You were kind enough to give us your agreement to contribute in the scientific program of PACOM 2021, or to provide us with a financial support for the 10th Pan African Congress of Mathematicians (PACOM 2021), which was initially planned to be held in Brazzaville, Republic of Congo from August 2 to 7, 2021. We are sincerely grateful to all of you.

Unfortunately the COVID-19 pandemic has forced us to change the date of this congress, the main reason was to let it be attended physically, and to be able to welcome all our colleagues in Brazzaville in face to face. After consultation with all the members of the Executive Committee of the African Mathematical Union and also with the Local Organizing Committee of PACOM 2021, we requested and obtained the approval of the Hon Minister of Higher Education of the Republic of Congo, for the postponement of the PACOM 2021 to the new period: **from 1st to 6th August, 2022**, i.e. a postponement of one year. **The AMU General Assembly, will be held on July 31, 2022.**

The abstracts submission, application for grants, for mini symposium and workshop, as well as the nomination for the AMU-PACOM 2021 Awards and Medals, will be open again, and **I am pleased to seize this opportunity to announce a third category C, for the African Diaspora.** Details will be posted soon in: www.pacom2021.com & www.africamathunion.org

We apologize for any inconvenience caused by this date change beyond our control. We will contact individually, all the colleagues concerned by plenary lectures, talk in parallel sessions, communications and workshops, etc.... to find out their availability for this new period for updating of our scientific program.

Sincerely yours. Prof Nouzha EL YACOUBI, AMU President , Chair of the International Committee of PACOM 2021. Date : 25th May 2021.

AMU President,

Prof. Nouzha EL YACOUBI
